

JESABEL has accomplished more in her five year career as a DJ, television presenter and radio host than most anticipate throughout their entire career; but the twenty-four year old entrepreneur and social influencer is only just getting started.

Signing a management and agency deal with iconic dance music label **Ministry of Sound Australia** in 2015, **JESABEL** has gone from strength to strength since pioneering herself as one of Australia's go-to DJs for the hottest nightclubs and social events nationwide. Securing the spot as Australia's first female DJ to mix a Ministry of Sound compilation CD, **JESABEL**'s technical skill as a DJ is evident and respected by her peers and the electronic music industry alike.

JESABEL holds down Sydney's most envied weekly nightclub residency at Argyle in The Rocks, bringing her music and her brand to the premium venue with a solid and loyal following of fans behind her. Over the years **JESABEL** has travelled extensively throughout Australia, South East Asia and New Zealand supporting industry-greats such as **Martin Garrix, Aluna George, Timmy Trumpet, Ed Sheeran** and **Bliss N Eso** as well as cutting her teeth and making her mark on the Australian festival circuit at iconic music festivals **Stereosonic** and **Future Music**.

Honing in on her brand in 2017 and understanding the importance of aligning herself with the right partners **JESABEL** has worked with big players in fashion, entertainment and travel including Factorie, Revlon and Alice McCALL as a brand ambassador, MTV as a television host and featured personality for MTV's 'It Girls' series, Nova and Channel 10 as their official DJ for multiple events and launching the opulent Sofitel Wellington as a special guest and entertainer for the 5 star property. **JESABEL** also hosts her own radio show weekly on iHeart Radio's **iHeart Dance** station interviewing some enormous electronic talent including the legendary **Pete Tong** on his world renowned 'Ibiza Classics' orchestral tour.

JESABEL's alignment with brands doesn't end there; she continuously supports, promotes and works closely with a number of charitable organisations such as the **Sydney Dogs and Cats Home, Top 10 Night** for suicide prevention and she was the official DJ for **Brain Beats with Carrie Bickmore**. **JESABEL** hopes to bring positive change through awareness of her favourite local charities via her social channels.

The next year for **JESABEL** is looking bright with 2018 already dishing plenty of opportunities her way. Settling into the studio with one of Australia's most respected music producers, **JESABEL** will be working on her own music and vocal features, utilising her training in musical theatre and voice performance. With a number of brand alignments in the works, a whopping 2018 radio schedule for her iHeart Radio show and a new partnership with model and PR agency The Mgmt, **JESABEL** is going to be one busy woman and she can't wait.
